Welcome to the

Southern Classic 9th Annual Sale

to catch the attention of any commercial program focused on building dependable, productive cattle. From proven genetics to practical replacements, this offering represents cattle that can fit a wide range of programs and environments.

To Our Fellow Cattlemen and Friends,

You're invited to be part of something special at the upcoming 9th Annual Southern Classic Sale. This year's offering brings together a powerful set of cattle that reflects the kind of quality, consistency, and performance producers are looking for in today's market.

This set of cattle has been carefully assembled with real-world operations in mind. Whether you're focused on improving maternal strength, adding performance, or building a more uniform and marketable calf crop, you'll find cattle here that are designed to go to work and deliver results. These are cattle that have been developed with longevity, functionality, and adaptability at the forefront.

A strong set of Brahman lots will be featured, along with an impressive group of F-1 females that are sure

Beyond the cattle themselves, this sale is an opportunity to come together with fellow producers, exchange ideas, and be part of a community that shares a commitment to the cattle industry. It's a chance to study a quality set of livestock in person, ask questions, and make confident buying decisions backed by the work that has gone into this offering.

We invite you to study the catalog, make plans to attend, and be part of what we believe will be one of the strongest sales to date. Whether you're a longtime supporter or joining us for the first time, your presence is valued and appreciated.

We look forward to seeing you there and being part of another great event.

Philip & Asa

TERMS AND CONDITIONS

Terms of the sale are cash or check to the Clerk at the conclusion of the sale.

Bidding: Each animal will be sold to the highest bidder. The auctioneer will settle any dispute as to the bid. Each animal will be at the purchaser's risk as soon as sold, but will not be delivered until settlement has been made.

Breeding Guarantee: Every animal in this sale is, to the best of the breeder's knowledge, free from any disease and are all sound. If an animal fails to breed after a trail of six months, it may be returned to the seller in good condition. Seller reserves the right to try said animal for a trial of six months and if it proves to be a breeder, return it at the buyer's expense. If the animal proves to be a non breeder, an animal of comparable rank or credit on the purchase of another animal will be offered. Cows with calves at side are considered breeders with no further guarantee.

Certificate: The certificate of registration will be mailed to the buyer.

Announcements: Announcements from the auction box will take precedence over the printed information in this catalog. All cattle will be sold by lot numbers as announced by the auctioneer.

Health: All animals sell with an interstate health certificate.

Liability: All persons who attend the sale do so at their own risk and owners and sale managers assume no liability, legal or otherwise, for any accidents that may occur.

Rights and Obligations: The terms and conditions of this sale shall constitute a contract between buyers and sellers of each animal and shall be equally binding upon both. Neither the owner, the sale manager, nor any person connected with the management of the sale assume liability, legal or otherwise.

ALL PURCHASES AND GUARANTEES ARE BETWEEN THE BUYER AND THE SELLER. WE ACT AS AGENTS ONLY.

Trucking: There will be people available to haul. Numbers will be made available sale day.

				JDH LADY MANSO 534/3 (534/3)

Ladies and gentlemen, kicking off the prestigious Southern Classic Brahman and F-1 Sale is a female that truly sets the tone for excellence—none other than the standout Miss L2 Lands Pride 345 from the renowned L2 Ranch!

This is the kind of heifer that demands your attention the moment she steps into the ring, combining elite presence with undeniable style—long-bodied, ultra-feminine, and carrying herself with a grace and pride that is simply hard to replicate. From the profile, she is incredibly three-dimensional, offering depth, balance, and eye appeal that today's judges and breeders alike are searching for. When you study her pedigree, the power only continues, as she is sired by JDH Mr. Manso 359/1, an own son of JDH Mr. Manso 423 and backed by a daughter of the great JDH Lady Manso 756/4—proven, time-tested genetics that have made a lasting impact on the Brahman breed. On the maternal side, she stems from JDH Lady Manso 266/1, tracing back to an own son of the Register of Renown sire +JDH Sir Shank Manso 51/7, stacking her pedigree with predictability, performance, and prestige. And it's not just what you see—it's what she offers on paper, ranking among the elite in the breed: top 2% for fat thickness, top 3% for tenderness, and top 10% for milk, docility, and \$Queen Index. Folks, it takes a truly special individual to lead off a sale of this caliber, and Miss L2 Lands Pride 345 is exactly that kind—she has all the pieces to hang banners time and time again, from your local shows all the way to the bright lights of Texas and beyond. Opportunities like this don't come often, so don't miss your chance to own a front-end, banner-winning, breed-advancing female—bid with confidence on Miss L2 Lands Pride 345!

LOT 02 - MISS L2 LANDS PRIDE 327 - L2 RANCH

DOB: 1/7/2025 • ABBA# 1086780 • GRAY • SHOW HEIFER • PHN: 327

				+ JDH LADY MANSO 730 (730)

Ladies and gentlemen, when you're searching for a Brahman female that blends eye-catching style with true genetic power, take a hard look at Miss L2 Lands Pride 327 from L2 Ranch! This heifer is the kind that stops you in

your tracks—she's extended, long-bodied, and incredibly feminine, yet still bold in her dimension and packed with volume from end to end. She carries herself with a presence and confidence that sets her apart, and when she gets on the move, she ties it all together with balance and structural correctness that today's show ring demands. Study her closely and you'll appreciate the smoothness of design, the refinement through her front end, and the natural depth and rib shape that give her that extra look of quality. Her pedigree only adds to the story, as she is sired by JDH Mr. Manso 359/1, an own son of JDH Mr. Manso 423 and backed by a daughter of JDH Lady Manso 756/4, combining some of the most influential and proven genetics in the breed. On the bottom side, she is out of JDH Lady Manso 512/1, an own daughter of +JDH Massai Manso 608/6, and further backed by a +JDH Mr. Manso 638 "Sir Richard" daughter, JDH Lady Manso 139/1. Numerically, she stands among the best, ranking in the top half of the breed for BW, milk, CEM, docility, frame score, and fat thickness, making her a complete package both phenotypically and genetically. This is the kind of female that not only has the look to compete at a high level, but also the backing to make a lasting impact in a breeding program. Whether your goals are banners, building a cow family, or both, Miss L2 Lands Pride 327 is the kind that can take you there—so don't hesitate when the opportunity comes, because females with this kind of balance, pedigree, and presence are hard to find and even harder to forget.

				MISS V8 652/6 (652/6)

Folks, if you're serious about investing in the future of your program, here's a female that deserves your full attention—Miss L2 Lands Pride 343 from L2 Ranch. She's built with a look that's hard to make and even harder to find, combining length, shape, and femininity into a package that is both functional and eye-

appealing. There's a certain presence about her that sets her apart, and it shows whether she's standing in the pen or traveling across the ring with ease and flexibility. She offers a clean, refined front, ties together smoothly, and still brings the kind of body and dimension that keeps her competitive. Backing her up is a pedigree stacked with influence, as she is sired by JDH Mr. Manso 603/1, an own son of JDH Mr. Caine Manso 742/7, and out of a JDH Mr. Manso 16/1 daughter, JDH Lady Manso 387/1. The dam of 343 is Miss JS/Goode Speckie 230/2, who is sired by the Register of Renown herd sire +CT Mr. Elmeaux Rhineaux 1/7 and out of a +TJF Mr. Smokin Gun daughter, Miss JS/Goode Rouge 773/8. On paper, she checks the boxes as well, ranking among the breed's elite, with EPDs placing her in the top half of the breed for WW, YW, docility, and REA. This is a female that offers more than just a look—she brings real-world value, long-term potential, and the kind of quality that can elevate a herd. Opportunities like this are what move programs forward, and Miss L2 Lands Pride 343 fits that mold.

LOT 04 - MR L2 LANDS PRIDE 321 (P) - L2 RANCH

DOB: 11/17/2024 • ABBA# 1083455 • GRAY • BULL • PHN: 321

SIRE	LMC LF POLLED SPARTAN 194/7 (P)	<ul style="list-style-type: none"> + MR. V8 279/7 (P) (279/7) + LMC POLLED PASSION 55/4 (P) 	<ul style="list-style-type: none"> + JDH MR ELMO MANSO (309/4) MISS V8 510/6 (510/6) + LMC LF AMBASSADOR 700/7 (P) (700/7) + LMC +S POLLED MADONNA (P) (274/1)

If you're in the market for a herd sire prospect that brings muscle, power, and real-world functionality, take a close look right here. Mr. L2 Lands Pride 321 (P) is a polled bull that's built with purpose—heavy-structured, wide-based, and loaded with dimension from end to end. He stands on a strong set of feet and legs and carries himself with a bold, commanding presence that demands attention. There's shape over his top, depth through his rib, and the kind of natural thickness that translates into performance where it counts. His pedigree is stacked with proven genetics, as he is sired by LMC LF Polled Spartan 194/7 (P), an own son of +Mr. V8 279/7 (P), and out of the one-and-only Register of Renown female, +LMC Polled Passion 55/4 (P), who may be considered one of the best polled Brahman cows in the breed. On the maternal side, his dam is a female that L2 Ranch purchased in the Southern Invitational Sale, later realizing she was a diamond in the rough. She is sired by +JDH Mr. Manso 840 and out of an own daughter of +Mr. V8 183/7, Ms. L2 Jazzys Jasmin 125. On paper, he brings added value, ranking high in the breed for growth, docility, and calving ease. This is the kind of bull that can anchor a program and move it forward in a hurry. Don't miss out on one of our favorites, Mr. L2 Lands Pride 321 (P).

LOT 05 - MR L2 LANDS PRIDE 338 - L2 RANCH

DOB: 3/17/2025 • ABBA# 1086790 • GRAY • BULL • PHN: 338

SIRE	JDH MR MANSO 359/1 (359/1)	<ul style="list-style-type: none"> JDH MR MANSO 423 (423) JDH LADY MANSO 756/4 (756/4) 	<ul style="list-style-type: none"> JDH MR ADRIAN MANSO (161) JDH LADY MANSO 836/2 (836/2) MR BO DIMAYRO MANSO 818 (818) JDH LADY MANSO 300/2 (300/2)

Power, substance, and durability—this is the kind of bull that checks those boxes and then some, Mr. L2 Lands Pride 338. He's rugged in his build, big-bodied, and carries the kind of mass and muscle that cattlemen appreciate when they're serious about adding pounds and performance. He's wide from the ground up, bold through his center body, and maintains a strong, level design that holds together whether he's standing or in motion. There's no guesswork here—he's built to work and built to last. His sire, JDH Mr. Manso 359/1, ties him into a pedigree known for consistency and strength, with influential names like JDH Mr. Manso 423, Mr. BO Dimayro Manos, and JDH Mr. Adrian Manso stacked behind him. Backing that up is a solid maternal line through JDH Lady Manso 387/1 who is an own daughter of JDH Mr. Manso 16/1 and out of a +JDH Mr. Manso 584 daughter, JDH Lady Manso 584. Numerically, he stands strong with rankings that support his phenotype, landing in the upper tier for key traits like growth and calving ease. This is a bull designed to go to work and make an impact from day one. If you are in the market for elite potential herd sires don't miss out on Mr. L2 Lands Pride 338.

(+) JDH COPANO MANSO (839/9)
JDH LADY MANSO 401 (401)

Take a moment and evaluate the kind of female that can make a difference not just today, but for years to come—Miss L2 Lands Pride 344 is exactly that kind. She's designed with purpose, offering a combination of structural integrity, body capacity, and femininity that puts her in a league of her own. From the ground up, she is built right, with the balance and correctness that allow her to move freely while maintaining a strong, attractive silhouette. There's substance here, but it comes without sacrificing style, giving her a versatile edge in both the show ring and the pasture. Her lineage reads like a blueprint for success, with JDH Mr. Manso 359/1 on the top side and a maternal line anchored by JDH Lady Manso 266/1, along with the influence of +JDH Sir Shank Manso 51/7. On the bottom side, she is out of JDH Lady Manso 492/1, who is sired by JDH Mr. Manso 991/4 and out of an own daughter of (+)JDH Copano Manso 839/9. Genetically, she holds her own with impressive rankings—top 4% for milk, top 35% for birth weight, top 40% for yearling weight, and top 45% for weaning weight. When phenotype and data align like this, you're looking at a female with true breeding value. Miss L2 Lands Pride 344 represents consistency, quality, and the kind of return that breeders strive for.

Here's a female that brings together the pieces that matter—function, pedigree, and performance—all in one complete package. Miss L2 Lands Pride 346 is the type that offers versatility, giving you the ability to compete, produce, and build around with confidence. She's constructed with length and extension, yet still carries the depth and power needed to be productive, all while maintaining a feminine and attractive look. Her design is smooth and cohesive, and she handles herself in a way that reflects durability and balance. What strengthens her case even more is the genetic backing, with JDH Mr. Manso 603/1 leading off her pedigree and generations of proven cattle behind her, including +JDH Massai Manso, JDH Mr. Manso 16/1, and JDH Mr. Caine Manso 742/7. On the bottom side, she is out of JDH Lady Manso 623/1, who is sired by JDH Mr. Akuna Manso 461/7 and out of an own daughter of +JDH Mr. Manso 854/4. She's not just built right—she performs on paper as well, ranking in the top tier of the breed for birth weight, weaning weight, yearling weight, docility, and calving ease. This is the kind of female that gives you options and adds value no matter your program's direction. Miss L2 Lands Pride 346 is one that can stand the test of time and make a lasting impression where it counts most.

SIRE

If you're searching for a homozygous polled herd sire that brings together functionality, performance, and maternal strength, take a hard look at LMC ECC Polled Focus 68/9 (PP). This bull is built with the kind of structural integrity and correctness that allows him to go to work and stay sound, standing on a solid set

of feet and legs while maintaining a calm, docile disposition, offering a practical, balanced design with the fertility and durability needed in today's cattle industry. Backing that up is a pedigree rooted in proven maternal strength and consistency, as he is out of LMC ECC Polled Crickett 2 (PP), a homozygous polled, easy-keeping, heavy-milking, fertile female known for her productivity and udder quality, and she is a direct daughter of the Register of Renown sire +LMC LF Ambassador 700/7, stacking this bull with a maternal line full of dependable, functional cattle. On paper, he adds even more value, ranking in the top 5% of the breed for weaning weight and top 15% for yearling weight, with four EPD traits placing him in the top 15% overall, and he has already proven himself in competition by earning Reserve Senior Champion Bull honors at the 2020 Rio Grande Valley Bull Gain Test in South Texas. With phenotype, pedigree, and performance all working together, LMC ECC Polled Focus 68/9 (PP) is a bull that can move a program forward with confidence and consistency.

4P Mr. Polled Big John 22/5 is our first consignment from 4P Cattle Company, and if you've followed the rise of that program, then you already know the name behind the success—Peyton Pitts. Peyton has built his program with a sharp eye for quality, consistency, and cattle that can compete at the highest levels, and Big John is a direct reflection of that vision. This is a bull that commands attention with his massive structural build, integrity, and honest design, making him the kind of herd sire serious breeders gravitate toward. We admire Big John for his phenotype, but where he truly separates himself is in his power-packed pedigree. He is sired by LMC FCC-Polled Foundation 11/1, a son of LMC LN Polled Prodigy 188/7 (P), a full brother to the proven sire LMC LN Polled Pappo 136/6 (PP). His dam is a J.D. Hudgins-branded female sired by LMC Polled Madison 133/0 and out of the legendary JDH Lady Manso 929, known as "The WOW Cow," giving Foundation tremendous genetic depth and breeding versatility. On the bottom side, Big John is out of Miss JS 783/8, an own daughter of Mr. JS Rouge Peterbuilt 200/1 and out of a +Mr. BF Iron Man 55/7 daughter, Miss Fontenot 321. To add even more value, he ranks in the top half of the breed for marbling and scrotal circumference. Ladies and gentlemen, the red cattle coming from 4P Cattle Company are making noise for a reason—they're built to win—and Big John carries that same show-ring presence and banner-winning potential. Don't miss your chance to own a bull that represents the hard work, vision, and momentum of 4P Cattle Company—4P Mr. Polled Big John 22/5.

LOT 11 - AF RED IRON - 4P CATTLE COMPANY

If you're searching for a herd sire that blends power, presence, and proven genetics into one complete package, take a serious look at AF Red Iron. This is a bull that stands out for his rugged design and commanding build—wide-based, big-structured, and carrying the kind of natural muscle and dimension that translate into real-world performance. He's built with durability in mind, maintaining balance and integrity whether he's standing in the pen or covering ground with ease. His pedigree is loaded with influential cattle, being sired by KR Mr. Red Brass 615, an own son of KR Mr. Red Brass 527 and out of a KR Mr. Red Rooster 428 daughter, KR Ms. Red Rooster 545. On the maternal side, his dam, AF Miss Gossip, is sired by 3X-HK Mr. 966 and out of a daughter of JDH San Antonio Manso 881/5, +Miss WCC Gossip Girl 55/2, stacking generation after generation of cattle known for performance and productivity. Numerically, he adds value where it counts, ranking in the top half of the breed for birth weight, weaning weight, yearling weight, scrotal circumference, docility, and marbling. This is the kind of bull designed to sire calves with shape, growth, and eye appeal—one that can elevate a program and leave a lasting mark. When you're serious about investing in quality that pays off, AF Red Iron is one worth your attention.

LOT 12 - VCC'S MR 4 (S) - VUNCANNON CATTLE CO

DOB: 10/23/2024 • ABBA# 1085807 • GRAY • BULL • PHN: 4

				MISS V8 363/6 (363/6)
				MR. V8 792/7 (792/7)
				MISS PECAN ACRES 171 (171)

Alright folks, in every sale there's that one individual that rises above the rest—the kind you circle, study, and come back to—and without a doubt, VCC's Mr. 4 earns that title. He's a bull that brings together the kind of phenotype that grabs your attention and the kind of data that demands serious consideration. Built with power from the ground up, he's long-bodied, heavy-structured, ultra masculine, and carries a bold, three-dimensional look that's evident from every angle. There's genuine mass, shape, and presence here, the kind that suggests real-world functionality and longevity. His pedigree reflects a program committed to quality, being sired by 11/21 JIREH, an own son of the legendary +Mr. V8 458/7 "Noble" and out of Miss V8 326/8, a daughter of Mr. V8 259/7. On the maternal side, he traces to 79's Miss 16/22, sired by Mr. V8 179/8, one of the standout Noble sons to come from V8 Ranch, stacking proven genetics on both sides. But where this bull truly separates himself—and where you need to pay very close attention—is on paper. It's rare to find one that combines this kind of phenotype with such elite numerical backing. He ranks in the top 1% of the breed for carcass weight, top 1% for docility, top 1% for \$Bull Index, and top 1% for \$Queen Index, along with top 2% for yearling weight, top 3% for weaning weight, and top 15% for ribeye area. Those are not just good numbers—that's breed-leading, industry-driving genetic power. This is the kind of bull that can move a program forward in a hurry, offering the potential to sire calves that start small, grow rapidly, and add value at every stage of production. When you combine elite EPDs with this kind of build and pedigree, you're looking at a rare opportunity—VCC's Mr. 4 is truly packed with the kind of traits that matter, and he deserves serious attention on sale day.

Practical, productive, and built with longevity in mind, Ms. DH 166/2 represents the kind of female that earns her keep year after year. She's moderate in her design, yet still carries the depth, capacity, and fleshing ability that make her easy to maintain in real-world conditions, whether in a registered operation or a commercial setting. There's a functional balance to her kind—nothing extreme, just good cattle built the right way—with a clean, refined front end that ties smoothly into a body full of shape and volume, allowing her to remain both competitive and efficient. She moves with purpose, stays correct at the ground, and maintains the kind of structural integrity that gives you confidence in her long-term durability and usefulness. There's a maternal look and presence about her that suggests she'll be the kind to raise quality calves consistently, without requiring extra inputs to do so. Backed by a pedigree known for maternal reliability, she offers the kind of predictability breeders value when making long-term decisions. Her sire, JDH Mr. Manso 845/2, is an own son of JDH Sage Manso 92/1 and out of an own daughter of (+)JDH Mr. Charley Manso, stacking proven genetics on the top side. On the bottom side, she is out of Miss Royal K 139/8, a daughter of Mr. Royal K 12/1, adding another layer of consistency and production-driven lineage. Her EPD profile complements her phenotype with a balanced set of numbers that support practical performance traits, reinforcing her value as a producing female. Selling confirmed bred to AF Captain Ely (P), she offers immediate return potential with a mating that adds excitement, while still providing the kind of foundation female that can contribute to a program for years to come.

LOT 14 - MISS KARA 42/6 - ROYALTY PERFORMANCE BRAHMAN

DOB: 4/3/2016 • ABBA# 950753 • GRAY • BRED COW • PHN: 42/6

SIRE	JDH MR. MANSO 866/5 (866/5)	{	JDH SIR FELCMAN MANSO (687/6)	}	{	(+) JDH SIR LIBERTY MANSO (847/5)

Some females are built to show, others are built to last—Miss Kara 42/6 offers the rare combination of both. She carries a look that is neat, complete, and eye-appealing from the profile, while still being packed with the kind of body, depth, and capacity required for long-term productivity. Her design is efficient and practical, the kind that thrives in real-world conditions, making her a low-maintenance, easy-keeping female that can go out and do her job without extra input. There's a strong maternal presence about her, with a brood cow look that suggests longevity and consistency, the kind you can rely on to raise quality calves year after year. She ties together with smoothness and uniformity from end to end, maintaining a clean, feminine front while still offering enough shape and dimension through her center body to stay competitive. Structurally, she is built right at the ground, moving with ease and confidence, which only adds to her long-term value and durability within a herd setting. Her pedigree further strengthens her case, backed by generations of cattle known for dependability and production. She is sired by JDH Mr. Manso 866/5, a son of JDH Sir Felcman Manso, bringing in proven and respected genetics on the top side, while on the maternal side she is out of WBM Ms. A 60/7, who is sired by -D Mr. Manso 590, adding another layer of consistency and reliability to her genetic makeup. This is the kind of lineage that supports what you see phenotypically and gives confidence in what she can pass on. On paper, she aligns with a solid and practical EPD profile that complements her build, offering balanced traits that support both maternal strength and overall production. With the added advantage of selling confirmed bred on sale day to AF Captain Ely (P), she provides immediate return potential along with long-term value as a foundation female, making her a smart, dependable, and versatile addition to any program focused on building for the future.

LOT 15 - MISS WOOTEN 70/9 - ROYALTY PERFORMANCE BRAHMAN

DOB: 8/13/2019 • ABBA# 1009799 • GRAY • BRED COW • PHN: 70/9

SIRE	KARA BOY 154 (154)	{	JDH ALBERT MANSO (179/8)	}	{	JDH SIR DARRIN MANSO (517/7)
			KARA 189 (189)		{	JDH ANI MANSO (884/5)

					{	JDH LADY MANSO 69/5 (69/5)
					{	JDH MR MANSO 394/3 (394/3)
					{	MISS B.F.26 (26)

Miss Wooten 70/9 is the kind of female that quietly does everything right, the kind that may not need extra attention to prove her value but continues to rise to the top when you study her from every angle. She's built with a sensible, efficient design—moderate in her frame, deep-sided through her rib, and easy fleshing—making her an ideal fit for a wide range of operations, from seedstock programs to commercial environments focused on low-input productivity. There's a natural balance to her structure that stands out, as she ties together smoothly from front to back, maintaining correctness at the ground while moving with flexibility and ease, which only adds to her long-term durability. Her look is clean, maternal, and functional, carrying that brood cow presence that experienced cattlemen recognize as the kind that will go on to raise quality calves year after year. She offers the kind of body type that supports consistency, with enough depth and capacity to be productive without sacrificing femininity or structural integrity. Her pedigree further reinforces what you see phenotypically, tying into cattle known for dependability and real-world performance, as she is sired by Kara Boy 154 and out of the proven, productive female Miss Kara 656, a combination that brings both stability and predictability to the table. On paper, she complements her physical build with a well-rounded EPD profile that supports balanced performance traits, adding another layer of confidence in her ability to contribute to a program. With the added advantage of selling confirmed bred to AF Captain Ely (P), she offers immediate return potential through an exciting mating, while still holding long-term value as a foundational female. When you put it all together, Miss Wooten 70/9 represents a dependable, efficient, and maternally driven kind of cow that fits the mold for producers looking to build a consistent and productive herd for years to come.

LOT 16 - MISS KARA 62/7 - ROYALTY PERFORMANCE BRAHMAN

If your focus is building a cow herd around females that are dependable, efficient, and built to stand the test of time, Miss Kara 62/7 deserves your attention. She's constructed with a functional, square build, carrying genuine depth through her middle while maintaining a feminine, refined front that keeps her attractive and well-balanced from the side. Her kind is highly adaptable—easy to manage, easy to maintain, and designed with longevity in mind—making her a practical choice for a wide range of operations. She travels freely with confidence, staying sound and correct at the ground, which adds to her long-term usability and ensures she can remain productive for years to come. There's a quiet consistency to her look, the kind that doesn't rely on extremes but instead offers a dependable, no-nonsense design that works in real-world conditions. She carries a maternal presence that suggests she will be the kind to raise quality calves year after year, with enough body capacity and fleshing ability to do so without extra input. Her lineage traces back to cattle recognized for maternal strength and consistency, reinforcing the kind of predictability breeders value when making herd-building decisions. On paper, her EPD profile reflects that same balance, offering practical, usable numbers that complement her phenotype and support her role as a productive female. Safe in calf to AF Captain Ely (P), she offers added value from day one with a mating that brings excitement and opportunity, while still providing the kind of foundation female that can anchor a program and contribute for the long haul.

LOT 17 - MISS KARA 35/6 - ROYALTY PERFORMANCE BRAHMAN

		MISS KARA 3/2 (3/2)	MR. TIMBERLINE 1/3 (1/3) RAG ROSE MARY (69)

There's a lot to appreciate in a female like Miss Kara 35/6 when you study her from a true production standpoint, as she represents the kind of cow that is built with purpose and designed to generate value year after year.

She's constructed with efficiency at the forefront—moderate in her frame, bold and expressive through her rib, and capable of maintaining condition with ease in a variety of environments, making her a practical, low-input kind of female that fits today's industry demands. Her structure is correct from the ground up, giving her the ability to travel freely with a smooth, confident stride, while maintaining the balance and integrity needed for long-term soundness and durability. There's a natural symmetry to her design, tying together cleanly from front to back, and she offers the kind of body capacity and fleshing ability that supports consistent reproductive performance. She carries a strong maternal presence, the kind that experienced cattlemen recognize as one that will raise quality calves with uniformity and dependability, all while maintaining her own condition and productivity. Backing that up is a pedigree built on reliability and proven genetics, as she is sired by JDH Mr. Manso 866/5 and out of Kara 19, an own daughter of JDH Mr. Manso 911/4, stacking generations of cattle known for consistency, function, and maternal strength. On paper, her EPD profile aligns well with her phenotype, offering balanced, practical numbers that further reinforce her role as a productive, no-nonsense female. With the added advantage of being bred to AF Captain Ely (P), she brings immediate return potential through a mating that adds value and excitement, while still maintaining the kind of long-term foundation that can positively impact a program for years to come.

Miss Kara 23/6 brings together the fundamentals that matter most in a brood cow, offering a combination of function, femininity, and long-term productivity that fits the needs of today's cattlemen. She's deep through her body, bold in her rib shape, and built with the kind of capacity that supports efficiency and longevity, all while maintaining a feminine and attractive front that keeps her balanced and eye appealing. Her structure is correct and dependable, allowing her to move freely and stay sound over time, which is critical for a female expected to produce year after year. There's a practical, no-nonsense design to her kind—nothing extreme or overdone—just a well-built female that handles herself with ease and reflects durability in every step. She carries a quiet confidence and broodiness that suggests she will be the type to consistently raise quality calves, maintaining condition and productivity without requiring extra input. Her pedigree aligns perfectly with that expectation, tracing back to cattle known for maternal strength and consistency, as she is sired by #JADL Rumpshaker TE and out of Kara 100, an own daughter of JDH Rocky Manso, stacking generations of dependable, production-driven genetics. This kind of lineage adds predictability and confidence in what she can contribute to a program. On paper, she is supported by a solid, well-balanced set of EPDs that complement her phenotype and reinforce her role as a practical, productive female. With the added advantage of being confirmed bred to AF Captain Ely (P), she offers immediate return potential through a promising mating while still holding long-term value as a foundation-type female. When you put it all together, Miss Kara 23/6 represents the kind of cow that can quietly go to work, add consistency to a herd, and deliver results where it matters most.

When evaluating females that can truly influence the direction of a program, Miss Wooten 49/9 rises to the top through her balance, practicality, and long-term usability. She is designed with a functional, no-nonsense kind of build—deep-bodied, bold in her rib shape, and level from end to end—while still maintaining a feminine, refined front that keeps her attractive and maternal in her presence. There's a natural efficiency to her kind; she is the type that can thrive in a variety of environments, hold her condition with ease, and consistently do her job without requiring extra input. Structurally, she is put together the right way, staying sound at the ground and flexible in her movement, which gives confidence in her ability to remain productive for years to come. She carries herself with a quiet brood cow look—one that suggests longevity, stability, and the ability to raise calves that are uniform and marketable. Her pedigree further reinforces her value, tying back to cattle that have built reputations on maternal strength, fertility, and consistency, giving breeders added assurance in what she can contribute. On paper, her EPD profile aligns well with her phenotype, offering a balanced set of numbers that support both performance and maternal traits without sacrificing practicality. To add even more value, she sells with a service to AF Captain Ely (P), creating an opportunity for immediate return while also positioning her as a female that can generate lasting impact within a herd.

SIRE	MR. V8 751/7 (751/7)	<ul style="list-style-type: none"> + MR. V8 194/7 (194/7) MISS V8 387/6 (387/6) 	<ul style="list-style-type: none"> + JDH SIR AVERY MANSO (159/7) + MISS V8 464/6 (464/6) + JDH CHARLEY'S JAZZ 946/1 (946/1) MISS V8 402/5 (402/5)
			DAM

Miss Melon Baker 34 represents the kind of female today's cattlemen are striving to build—efficient, durable, and consistent from every angle. She is bold in her rib shape and deep through her center body, offering the capacity and fleshing ability needed to maintain condition and perform under real-world conditions, while her smooth shoulder and feminine front end keep her attractive and maternal in her overall look. There's a natural ease to the way she travels, remaining sound and flexible on the move, which adds confidence in her longevity and long-term productivity as a brood cow. She carries a balanced, workmanlike design that avoids extremes, instead combining all the essential pieces that contribute to sustained, reliable production. Her pedigree further strengthens her value, tracing back to cattle known for fertility, consistency, and maternal strength. She is sired by Mr. V8 751/7, an own son of +Mr. V8 194/7, a product of two influential Register of Renown parents, +JDH Sir Avery Manso and +Miss V8 464/6. On the maternal side, she is out of JDH Lady Manso 609, a daughter of Mendel De Kallion 401K and the proven donor JDH Lady Manso 756/4. Numerically, she aligns with her phenotype, ranking in the top half of the breed for birth weight, milk, carcass weight, ribeye area, and marbling, offering a practical and balanced EPD profile that supports performance. Adding even more value, Melon sells with a heifer calf at side sired by Mr. HMC Polled 171/1 (PP), presenting an immediate return opportunity with a polled calf while also positioning herself as a dependable female capable of anchoring a cow herd for years to come.

LOT 23 - MISS DOLLY BAKER 102 - BAKERS BRAHMAN FARM

There's a lot to appreciate when studying Miss Dolly Baker 102 from a production standpoint, particularly for those focused on building a cow herd around dependable, no-nonsense females that consistently get the job done. She is moderate in her frame yet bold through her rib and deep in her middle, giving her the capacity and fleshing ability to maintain condition and perform efficiently in real-world environments. Her design is clean, functional, and maternal, with a feminine front end that ties smoothly into a body that offers enough volume and shape to support strong, consistent calf production. Structurally, she is built right, standing on a correct set of feet and legs while traveling with ease and maintaining a level, balanced profile that speaks to her longevity and durability. She's the kind of female that doesn't require extra attention—just a steady, reliable female that can be counted on to raise a quality calf year after year. Her pedigree further reinforces that expectation, tying into cattle known for consistency and maternal strength. She is sired by Mr. HMC Polled 171/1 (PP), an own son of Mr. HMC Polled 44/1 (P) and out of a +Mr. V8 279/7 daughter, Miss HMC Polled 71/1 (P). On the maternal side, she traces to Miss V8 730/9, a straight V8-branded female sired by Mr. V8 94/8, combining the influence of +Mr. V8 191/7 and +Miss V8 43/7. On paper, Dolly adds further value, charting positive in the breed for key traits including milk, birth weight, carcass weight, and yearling weight, offering a balanced and practical EPD profile that supports her role as a productive female. If you're searching for cattle that combine proven genetics, functional design, and the ability to generate a strong return from day one, Miss Dolly Baker 102 is a female that checks all the boxes.

LOT 24 - MISS ROSIE BAKER 103 - BAKERS BRAHMAN FARM

			DAM

For those looking to invest in females that offer substance, stability, and long-term return, Miss Rosie Baker 103 checks all the boxes and then some. She is built on a strong, functional foundation—wide made, deep ribbed, and carrying the kind of natural capacity that supports efficiency and long-term productivity in real-world conditions. Her front end remains clean, feminine, and refined, giving her that true brood cow presence that translates into consistent, high-quality calf crops, while her overall balance keeps her appealing both phenotypically and practically. She is structurally sound from the ground up, moving with confidence and ease, which only adds to her value as a female built for longevity and sustained performance. There's a uniformity and predictability to her kind that makes her easy to mate and dependable in what she can produce year after year. Her pedigree further strengthens that reliability, combining generations of cattle known for maternal strength and consistency, as she is sired by JDH Nephew Manso, an own son of JDH Mr. Otis Manso 55/9 and out of JDH Miss Jean Manso 515/8. On the maternal side, she traces to Miss Coco Baker 33, a daughter of Mr. V8 751/7 and out of Ms. 4K 736, stacking proven genetics on both sides of her pedigree. Numerically, she adds even more value, ranking in the top half of the breed for milk, docility, carcass weight, ribeye area, and marbling, offering a balanced and practical EPD profile that complements her phenotype. Altogether, Miss Rosie Baker 103 represents a dependable, no-nonsense female that not only anchors a program with stability but also provides the kind of genetic value and production potential that can generate both immediate impact and long-term returns—making her one you won't want to overlook on sale day.

LOT 25 - G2L'S MISS ELEANOR - G2L CATTLE COMPANY

					MISS V8 729/7
					MR. V8 915/5
					MISS V8 160/5

G2L's Miss Eleanor is the kind of female that brings together the traits that matter most when building a cow herd focused on consistency and long-term return. She offers a bold, three-dimensional look with plenty of rib shape and body mass, while still maintaining a feminine, refined presence through her front end that gives her a true maternal advantage. Her kind is low maintenance and efficient, designed to hold condition and perform in practical environments without requiring extra input. She stays true in her lines, traveling with ease and maintaining structural correctness that supports long-term soundness and usability. There's a natural productivity to her build—the type that suggests she will raise calves with uniformity and quality year after year. Her pedigree reinforces that expectation, as she is sired by +Mr. V8 279/7, widely recognized as one of the most influential polled sires in the breed and a son of +JDH Mr. Elmo Manso and the renowned Miss V8 510/6. On the maternal side, she is out of Miss Tyler Ace 109, a combination of Mr. V8 788/7 and Miss V8 302/7, further stacking proven and reliable genetics. Numerically, she complements her phenotype by ranking in the top half of the breed for carcass weight, birth weight, weaning weight, and marbling, offering a balanced and practical EPD profile. Altogether, she represents a dependable, production-driven female that can contribute immediately while continuing to add value over time. Selling confirmed bred to VF Mr. Modelo 8/2 (P) or a registered Hereford bull, she offers both versatility and immediate return potential, making G2L's Miss Eleanor a smart investment for any program.

LOT 26 - G2L'S MISS MYSTIC (S) - G2L CATTLE COMPANY

DOB: 04/25/2021 • ABBA# 1037385 • RED • BRED COW • PHN: 106

					MISS V8 729/7
					MR. V8 915/5
					MISS V8 160/5

When you sort through cattle built to last and generate value beyond just one calf crop, G2L's Miss Mystic (S) is a female that demands serious consideration. She is designed with longevity in mind, carrying a deep, capacious body and a strong, level top line that allows her to remain productive and efficient across a variety of environments. Her look is both maternal and practical, with a smooth shoulder and feminine front that transitions into a body built for function rather than extremes. She moves freely and confidently, maintaining flexibility and structural soundness—key traits for a female expected to stay in the herd and perform over time. There's a consistency to her design that makes her predictable, both in her own performance and in what she is likely to pass on to her offspring. Her pedigree reinforces that reliability, as she is sired by +Mr. V8 279/7 (P) and out of the proven donor Miss Tyler Alice 109, stacking generations of influential, maternal-driven genetics. Notably, G2L Cattle Company is offering three full sisters in this sale, further highlighting the strength and consistency of this mating. On paper, her EPD profile adds to her value, ranking in the top half of the breed for milk, marbling, and frame score, giving her a balanced and practical numerical advantage. Selling confirmed bred to VF Mr. Modelo 8/2 (P) or a registered Hereford bull, she offers immediate return potential along with the kind of genetic foundation that supports long-term progress, making G2L's Miss Mystic (S) a smart and dependable addition to any forward-thinking program.

LOT 27 - G2L'S MISS ELOISE - G2L CATTLE COMPANY

DOB: 03/06/2022 • ABBA# 1048902 • RED • BRED COW • PHN: 203

					MISS V8 160/5

G2L's Miss Eloise offers a powerful combination of balance, practicality, and long-term value, making her an easy choice for breeders focused on strengthening the foundation of their herd. She is wide based and deep through her center body, carrying the kind of natural capacity that supports efficient, low-input production, while still maintaining a clean, attractive front that keeps her feminine and maternal in her appearance. Her structure is correct and functional, allowing her to move freely and maintain her integrity over time—an essential trait for longevity in any operation. She presents a uniform, easy-doing kind that adapts well to different environments and continues to perform without the need for extra management. Her pedigree only adds to her credibility, as she is sired by +Mr. V8 279/7 and out of the proven donor Miss Tyler Alice 109, stacking generations of cattle known for maternal strength and consistency. Numerically, she complements her phenotype, ranking in the top half of the breed for carcass weight, birth weight, and marbling, offering a balanced and practical EPD profile. Selling confirmed bred to VF Mr. Modelo 8/2 (P) or a registered Hereford bull, she brings immediate return potential along with the kind of genetic backing that supports long-term progress, making G2L's Miss Eloise a dependable addition to any program.

In a world where efficiency matters more than ever, Miss JS/EG Rouge brings a practical kind of value that's hard to overlook. She's the kind that holds her condition, adapts to her environment, and goes about her job without needing extra attention—exactly what a working cow should be. With a deep, easy-fleshing body and a sound, functional build, she's designed to stay in production and keep generating returns year after year. There's nothing complicated about her—just honest, dependable quality that translates into pounds on the ground and consistency in the pasture. Her kind is what keeps a cow herd running smoothly, offering reliability you can count on when it matters most. When you study her pedigree, the predictability only adds to her value, as she is sired by +Mr. CBR 667/8 "Cutter", an own son of +Mr. WCC Maximus Rojo 82/4 and out of the Register of Renown female +Miss CBR Viva 491/0, a daughter of +Mr. H Maddox Manso 684, stacking proven, performance-driven genetics that are known to work in real-world conditions. Females like this are the backbone of successful operations—the kind you can rely on through every season without hesitation. If your goal is to invest in cattle that work as hard as you do, this female fits that mold and then some.

LOT 29 - MISS JS/GOODE BETTY 346/4 - SMITH BRAHMANS

If you're building around strong cow families and longevity, Miss TP 48 is the kind that deserves a hard look. She represents everything a productive brood cow should be—deep ribbed, easy fleshing, and built with the kind of structural integrity that holds up year after year. There's a natural maternal look to her, with a broody presence and a calm, functional design that tells you she's made for the long haul. What really sets this female apart is the consistency she brings to the table, backed by a pedigree filled with cattle known for fertility, udder quality, and the ability to raise heavy calves, as she is sired by the Register of Renown herd sire +BB Bronson 299/3 and out of the very productive female Miss B-F 48/6. As you study her EPD profile, she ranks in the top half of the breed for birth weight and marbling, adding another layer of value to an already well-rounded package. She's the kind that quietly goes to work and pays her way back time and time again, producing offspring that are uniform, marketable, and dependable. As an added bonus, this outstanding female will sell confirmed bred to Mr. MTF Leveaux 27, giving you a head start on your next calf crop. Whether you're retaining replacements or raising calves for the market, this is the type of female that strengthens the foundation of any program and keeps things headed in the right direction.

LOT 35 - MISS JS/DS 109/0 - DOYLE AND PATRICIA T. GIVENS

DOB: 6/10/2020 • ABBA# 1027937 • RED • BRED COW • PHN: 109/0

		MISS 319/4 (319/4)	

When it comes to cattle that make financial sense, Miss JS/DS 109/0 checks a lot of boxes. She's built with productivity in mind—wide-based, deep bodied, and designed to convert and maintain herself in real-world conditions. This is the kind of cow that thrives without being high maintenance, the kind that raises a good calf every year and does it efficiently. Her kind is what keeps operations profitable, offering a balance of performance and practicality that's hard to beat. Backed by a pedigree that emphasizes growth and consistency, she brings the potential to pass along pounds and performance while still maintaining the maternal strengths needed in a replacement pen. She is sired by Mr. JS/DS King Rouge 382/3, an own son of +Mr. Winchester Magnum 999, and out of an own daughter of +BB Mr. Sting-Ray 10/0, +FCC A Rose Isa Sting 500, combining some of the most proven and respected genetics in the breed. On the bottom side, the dam of this impressive female is Miss C&L 330/8, sired by Mr. JY 14/3 and out of Miss 319/4, further strengthening the consistency and reliability built into her pedigree. Females like this don't just look good on sale day—they prove their worth over time, and if you're focused on cattle that work for you, she's one you'll want to seriously consider adding to your herd. As an added bonus, 109/0 will sell confirmed bred to Mr. MTF Leveaux 27, giving you immediate return potential. If you are in the market for high quality bred females, make sure to mark Miss JS/DS 109/0 as a must-have on sale day!

LOT 36 - ME MISS STINGRAY 167 - DOYLE AND PATRICIA T. GIVENS

If you appreciate cattle that combine eye appeal with functionality, ME Miss Stingray 167 will catch your attention in a hurry. She's elegant in her design yet powerful where it counts, blending femininity with muscle and shape in a way that's hard to replicate. From the side, she offers a clean, attractive profile, and when she gets on the move, her balance and structural correctness really shine. Backed by a pedigree that supports both phenotype and performance, she is sired by the proven +BB Mr. Sting-Ray 10/0 and out of HK Ms. Visa 854, an own daughter of HK Visa Brasil and from a +HK Passport 777 daughter, HK Ms. Passport 560, stacking recognizable, influential genetics on both sides. This kind of lineage adds confidence that her offspring will carry the same balance of look, structure, and productivity. Opportunities like this don't come often, and if you're looking to add a female that brings both style and substance, she's one worth your attention. To top it off, 167 will sell with a heifer calf at side sired by Mr. MTF Leveaux 27 and is exposed back the same way, offering a potential 3-in-1 package that adds immediate and future value. Don't miss out on a very special opportunity to invest in one of the standout females in this outstanding offering!

One of the true herd sire prospects to surface in this offering is Mr. V8 608/8 from Circle H Brahmans, a bull built with the kind of power, presence, and genetic credibility that commands attention from progressive breeders. He is sired by the legendary +Mr. V8 458/7 "Noble," widely regarded as one of the most dominant sires the Brahman breed has ever produced and currently ranked #2 all time in the ABBA Register of Renown for show ring progeny success. With more than 600 progeny recorded in the ABBA, Noble has proven himself as a true "improver" across a wide range of cow types and management systems, consistently adding quality, structure, and marketability wherever he is used. A triple trait leader for weaning weight, yearling weight, and disposition, he was also the #1 sire of champions in the United States for three consecutive years—2019, 2020, and 2021—cementing his legacy as a breed-changing sire. Born in 2013 and bred by BRC, Noble carries the historic name and brand of Rachel's grandfather's ranch, adding depth of heritage to his already unmatched resume. On the maternal side, Mr. V8 608/8 is out of Miss V8 342/7, an own daughter of the influential (+)JDH Karu Manso 800 and out of a JDH Le Grand Manso daughter, Miss V8 363/6, anchoring this bull in generations of proven cow power and maternal reliability. Physically, Mr. V8 608/8 is wide-based, bold-bodied, naturally thick, and structurally correct, offering the kind of balance and breeding integrity that translates into consistent, high-quality calf crops. This is a herd sire designed to leave uniformity, performance, and lasting genetic impact in his wake. Don't MISS OUT!

If you're looking to add fresh genetics with the kind of build and background that can elevate a program, here's a bull that deserves serious consideration. Mr. HVF 17/24 represents a blend of performance and reliability, backed by a lineage that has consistently delivered across generations. He carries himself with a confident, masculine look, showing width, depth, and the kind of natural muscle that translates into pounds on the ground. His structure is correct and functional, allowing him to move freely while maintaining balance and durability. The influence behind him is hard to overlook, as he is sired by Mr. V8 973/8, an own son of +Mr. V8 146/8 and out of an own daughter of +Mr. V8 380/6 "The Machine." On the maternal side, he is out of Miss V8 503/9, who is sired by +Mr. V8 322/8 and out of an own daughter of Mr. V8 604/7. This is the kind of bull that offers predictability, adds value, and fits a wide range of operations, whether your focus is commercial performance or seedstock advancement. As you study his EPD rankings, he stands in the top 2% of the breed for REA, top 10% for CW, and top 15% for both WW and YW. Opportunities to incorporate cattle with this kind of consistency and usefulness don't come around often—be sure to take advantage when they do.

When you start sorting through cattle that can truly make an impact, it doesn't take long to land on a female like Miss Circle H 441 (P). She's the kind that offers a practical build with a look that works in any setting—easy-keeping, well-balanced, and designed to be productive for the long haul. She comes with a square, functional build, carrying her body with depth and capacity while maintaining a clean, attractive front that keeps her fresh in her lines. There's a natural broodiness to her kind—the type you can envision raising quality calves year after year without sacrificing consistency. She moves out with ease, stays sound in her structure, and handles herself in a way that reflects longevity and usefulness. Her pedigree supports everything you see phenotypically, tying into generations of cattle known for dependability and maternal strength, giving you confidence in what she can produce. On paper, she aligns with the kind of numbers that matter, offering balanced EPDs that complement her build and add to her overall value. As an added bonus, 441 sells confirmed bred on sale day to ECC Polled Snoop 420/0. This is a female built for real-world production with the added look to stand out when it matters. If you're focused on building a cow family with stability and return, Miss Circle H 441 (P) is one that deserves a spot on your shortlist.

Introducing G2L's Miss Ida May (P), a female designed for efficiency, growth, and long-term herd impact.

From the ground up, Ida May exhibits a deep, powerful body with a clean, functional design that will carry weight and maintain soundness over time. Her skeletal structure is correct, balanced, and built for longevity, allowing for comfortable movement and productive performance in any environment. She is sired by KF Mr. Polled Tomas 22 (P), an own son of RBC Mr. Polled Tomas (P) and out of a Mr. JL Fontenot 256 (P) daughter, RBC Ms. Polled Lady 488, providing a foundation of proven genetics that emphasize performance and consistency. On the bottom side, her dam, J D Leia 110/17, is a granddaughter of JDH Mr. Noreno Manso 234/4, adding maternal strength and reliability to her pedigree. This female delivers measurable performance, producing offspring that excel in weight gain, carcass quality, and uniformity while maintaining the structural correctness and efficiency necessary for a productive herd. To add to her value, Ida May will sell with a heifer calf at side sired by VJ Mr. Modelo 8/2 (P), offering flexibility and immediate impact for your breeding program. With her combination of depth, dimension, and genetic consistency, G2L's Miss Ida May (P) represents a long-term investment in herd performance, giving cattlemen a foundation for future growth, productivity, and profitability that is built to last.
